

Liberty 1st ward Emergency Weekly Radio Check-in Script

Date: _____

Name: _____

1. My Name is _____ I am Acting as Area Radio Control. I am transmitting from _____, (current location) on GMRS channel
2. This is a directed net and all local interested parties are encouraged to participate.
3. If you have emergency traffic at any time during this net, state the word EMERGENCY along with your name, and you will be recognized immediately. I will now stand by for any emergency or priority traffic. (wait a minute or two and If none proceed to step 4)
 - a) _____
 - b) _____
4. Hearing none (or no additional) emergency traffic, I will now conduct a check-in of those currently on the Air. Please listen to the *area* announcement and only respond when you are designated to call. When you hear your area called, please respond back with your name and area, indicate If you have any traffic you want to discuss with the group. (Traffic = Planning, Training, Announcement etc). If you do have Traffic, I will note it and come back around after the roll-call to hear what you have then. (Maintain a log of each person signing in and if they have traffic). If I miss your area or name, please wait until the end of the directed roll-call and I will ask for your response at that time. With that being said, I will now go through our list:

(Proceed to call each area and ask if anyone is on the air from that location and if they have traffic)

Areas are:

- Back Road Area
- Shaw Drive Area
- Liberty Church Area
- Bailey Acres Area
- Spring Mountain Area

(Once we have called all areas and received responses proceed to the next step).

Is there anyone on tonight's Net who I missed and would now like to check in?

Are there others who live outside of the area on tonight's Net that would now like to check in?

5. Having completed our check-in's, up next we will reach out to those who identified as having Traffic. (check the Roll and call out each participant that had traffic)

- Net Control recognizes _____ (participants name), please go ahead with your comments for the net. (once all participants give their Traffic/Announcements proceed to step 6)

6. This is the Liberty 1st ward Net Control. We thank everyone for their comments and announcements. Do we have any late check-ins for the Net tonight? (Mark down any late check-in's that call in).

7. Thanks for everyone's participation. This concludes tonight's Liberty 1st ward check-in. We return this frequency to ordinary use. This is Liberty 1st ward Net Control signing off.
